Arizona At Risk Communities

The Arizona Department of Forestry and Fire Management evaluates all communities across the state to make certain we are reaching those areas that have the most potential to be affected by wildfire. This also allows us to prioritize where we need to conduct assessments and projects in an effort to reduce the threat of destructive wildfires.

The At-Risk Community List is developed by the Arizona Department of Forestry and Fire Management and scores all communities throughout the state.

Here are the top two at-risk communities per county:

Apache County: Eagar and Nutrioso

Cochise County: Parker Canyon Lake and Ramsey Canyon

Coconino County: North Rim and Village of Oak Creek

Gila County: R-C Camp and Six Shooter Canyon

Graham County: Artesia and Fort Thomas

Greenlee County: Blue and York

La Paz County: Ehrenberg and Parker Strip

Maricopa County: Anthem and Sunflower

Mohave County: Pine Lake and Pinyon Pine

Pima County: Catalina and Summerhaven

Pinal County: Kelvin and Top of the World

Santa Cruz County: Amado and Sonoita

Yavapai County: Black Canyon City and Ponderosa Park

Yuma County: Fishers Landing and Martinez Lake
