Authorization Use by Allotment Report

Data for Selected Office Only: The data returned using this report will ONLY include data for the specific office selected. For example, State Offices do not have data, so no data can be returned if one is selected.

Optional Filters: Pick lists are cut off at 1000 records, so Miles City Field Office pick lists cannot display all items on one pick list. For Miles City Field Office, use Optional Filters if you wish to view and deselect (or reselect) specific pick list items that are not visible due on to the 1000 record limit.
