COLLEGE OF AGRICULTURE
UNIVERSITY OF ARIZONA

David M. Hendricks

Department of Soil and Water Science

Contributing Authors

Animals and Soil in Arizona

Paul R. Krausman

R. William Mannan

School of Renewable Natural Resources
University of Arizona

with contributions from

Francis D. Hole

Professor Emeritus, University of Wisconsin

Introduction – Geologic Framework of Arizona

H. Wesley Peirce

Bureau of Geology and Mineral Technology, College of Engineering and Mines
University of Arizona

Appendix E – Descriptions of Soil Series

Steven J. Levine

Department of Soil and Water Science
University of Arizona

with contributions from

Donald F. Post

Department of Soil and Water Science
University of Arizona

Carl W. Guernsey

Y. Harmon Havens

James E. Jay

Merlin L. Richardson

Soil Scientists, Retired,
Soil Conservation Service
U.S. Department of Agriculture

Contents

Preface	xi	3 Climate of Arizona	33
Acknowledgments	xiii	Introduction	33
Editor's Notes	xv	Temperature	34
1 Soils, What They Are and How They Form		Precipitation	34
Introduction	1	Arizona Climate Zones	35
Definition of Soil	1	Climatic Zones of the State Soil Map	38
Composition of Soils	3	Soil Temperature Regimes	38
Soil Horizons	3	Soil Moisture Regimes	40
Soil-Forming Factors and Processes	6	Water Balance and Thornthwaite's	
Factors	7	Climatic Classification	40
Processes	7	Paleoclimate	43
	12		
2 Geologic Framework of Arizona		4 Natural Vegetation of Arizona	47
Introduction	15	Introduction	47
Basin and Range Province	15	Bioclimatic Classification of Vegetation	48
General Nature of the Geology	17	Alpine Tundra	49
Evolution of Structural Features	17	Spruce-Alpine Fir Forest	49
Geomorphology and Soils	21	Montane Conifer Forest	49
Colorado Plateau Province	23	Riparian Deciduous Woodland	50
General Nature of the Geology	26	Pinyon-Juniper Woodland	50
Evolution of Structural Features	26	Encinal and Mexican Oak-Pine Woodland	51
Late Cenozoic Volcanism	26	Interior Chaparral	51
Geomorphology and Soils	27	Grasslands	51
	28	Desert Scrub	52

5	Animals and Soil in Arizona	55	7	Description of the Mapping Units of the Arizona General Soil Map	71
	Introduction	55		Basis and Development of the Units	71
	General Role of Animals in the Soil Community	56		Mapping Unit Descriptions	72
	Soil Fauna: Classification	56		HA Hyperthermic Arid Soils	74
	Role of Animals in the Soil Community	57		TA Thermic Arid Soils	86
	Invertebrates	57		TS Thermic Semiarid Soils	93
	Vertebrates	60		MA Mesic Arid Soils	114
	Effects of Soil on Animals	61		MS Mesic Semiarid Soils	122
	Animals That Live in the Soil	61		MH Mesic Subhumid Soils	134
	Animals That Live on the Surface	62		FH Frigid Subhumid Soils	142
6	The United States Soil Classification System and Its Application in Arizona	63		Appendices	151
	Introduction	63		Appendix A: Geologic Time Scale	151
	Overview of Soil Taxonomy	63		Appendix B: Vegetation: Common and Scientific Names	155
	Diagnostic Horizons	63		Appendix C: Animals: Common and Scientific Names	157
	Categories	64		Appendix D: Outline of Soil Taxonomy Nomenclature System	159
	Nomenclature	65		Appendix E: Descriptions of Soil Series	161
	Soil Individual	66		Appendix F: Glossary	213
	Application to Arizona	68		List of References	225
	Orders and Suborders	68		Index	235
	Soil Families	69			

List of Plates

The unpaginated plate section follows Chapter Five, between pages 62 and 63.

Plate Title

- | | | | |
|---|---------------------------------------------------------------------------|----|---------------------------------------------------------|
| 1 | Arizona General Soil Map | 7 | Mean January Air Temperature in Arizona |
| 2 | Landform Features and Physiographic Provinces of Arizona | 8 | Mean July Air Temperature in Arizona |
| 3 | Geology of Arizona | 9 | Potential Annual Evapotranspiration in Arizona |
| 4 | Generalized Zones of Elevation in Arizona | 10 | Actual Annual Evapotranspiration in Arizona |
| 5 | Average Annual Precipitation in Arizona | 11 | Vegetation Distribution in Arizona |
| 6 | Winter Precipitation as the Percentage of Annual Precipitation in Arizona | 12 | The Four Desert Scrub Vegetative Communities in Arizona |
| | | 13 | Average Annual Runoff in Arizona |
| | | 14 | The Four Major Soil Temperature Regimes in Arizona |
| | | 15 | Horizons That Could Occur in a Soil Profile |
| | | 16 | Actual Soil Profile and Associated Vegetation |
| | | 17 | Biotic Provinces in Arizona |
