ROUTE INFO

I have been collecting new and old route information on all of the crags around Phoenix for the past ten years. If you have found a mistake within this guidebook or you know something about an old unknown route then please write me! If you have established a new route then please include: name of the route, rating, route description, date established, name of persons on the first ascent, redpoint by whom and the redpoint date.

SIGNATURE CONTEST

Throughout this guidebook you will notice many recognizable signatures of famous climbers. Here is your chance to win in a contest pertaining to rock climbing without having to work out for months previous. The first 25 people who send me a list correctly identifying every signature within this guidebook (correct full first and last name) will receive a free Queen Creek Canyon guidebook. It's just that easy!

BOLT COLLECTION

For the past ten years I have been purchasing new and old bolt hangers from around the world and I now believe that I have the largest collection in existence. If somebody out there collects bolt hangers or has an unusual bolt or home-made bolt hanger, please contact me!!!
