

The cover features a photograph of a desert landscape. In the center, a tall, narrow, reddish-brown rock spire rises from a valley. The surrounding terrain consists of layered rock formations and sparse green vegetation under a blue sky with light clouds. The title 'GEOLOGY of ARIZONA' is printed in large, bold, green letters with a black outline. The word 'of' is smaller and positioned between 'GEOLOGY' and 'ARIZONA'.

# Contents

<b>Preface</b>	<b>ix</b>
<b>Acknowledgments</b>	<b>xi</b>
<b>Part I Earth Materials, Processes and Geologic Principles</b>	
1 Rocks and Minerals	3
2 Weathering and Erosion	13
3 Stratigraphic Principles	19
4 Geologic Time	33
5 Sediments and Sedimentary Rocks	41
6 Igneous and Metamorphic Rocks	67
7 Tectonics	77
8 Landforms	93
<b>Part II Geologic History of Arizona</b>	
9 The Proterozoic Eon	113
10 The Paleozoic Era	123
11 The Mesozoic Era	143
12 Mesozoic to Cenozoic Tectonics and Cenozoic Rocks	159
<b>Part III Topics of Special Interest</b>	
13 Volcanism in Arizona	181
14 Meteor Crater	203
15 Economic Geology	213
16 Environmental Geology	237
<b>Index</b>	<b>247</b>
