Welcome to SEINet

The SEINet data portal was created to serve as a gateway to distributed data resources of interest to the environmental research community within Arizona and New Mexico. Through a common web interface, we offer tools to locate, access and work with a variety of data. SEINet is more than just a web site - it is a suite of data access technologies and a distributed network of collections, museums and agencies that provide environmental information.

To learn more about the features and capabilities available through this site, visit the [Symbiota Help Pages](#). Join SEINet as a regular visitor and please send your feedback to seinetAdmin@asu.edu. Visit the [Data Usage Policy](#) page for information on how to cite data obtained from this web resource.

Visit some of the other regional data portals that are fellow members of the SEINet Network:

- Consortium of Midwest Herbaria
- Consortium of Southern Rocky Mountain Herbaria
- Intermountain Regional Herbarium Network
- Madrean Discovery Expeditions (MDE)
- Mid-Atlantic Herbaria Consortium
- North American Network of Small Herbaria
- North Great Plains Herbaria
- Red de Herbarios del Noroeste de México (northern Mexico)
- SERNEC (Southeast USA)
- Texas Oklahoma Regional Consortium of Herbaria (TORCH)

Development of SEINet, Symbiota, and several of the sites are supported by National Science Foundation Grants (DBI 0743827, DBI 0847966)
